

BGE 3rd Year

Department: Art & Design & Photography

BGE Course: Art & Design

Brief Description of Course: Our B.G.E course is designed to provide pupils with a broad range of experiences & outcomes based upon both practical and critical units of work. Built around a foundation of observational drawing, pupils will be tasked with developing problem solving approaches to given projects involving a range of activities such as painting, print-making, ceramics, 3D modelling and photography. Peer assessment & groupwork may also feature within critical thinking skills elements of the course.

Assessment Strategies:

Pupil work will be formally assessed in line with B.G.E recommendations/guidelines. Throughout their course pupils will be supported in terms of preparation for assessments, folio marking and specific course dates/deadlines.

Pupil Commitment:

Pupils will be expected to take part in homework activities in line with Department Homework policy. Such homework will vary in terms of tasks relating to live classroom projects and may take the form of practical/written or research based challenges.
