

S1 Personalisation & Choice Information Evening

Holyrood Secondary School is a community that puts the Catholic Faith at the heart of all we do. We foster a nurturing environment that not only strives for excellence but one that ensures all our young people feel cared for, valued and included. We treat each other with respect, we celebrate diversity and we are proud of each other's achievements.

We challenge ourselves to learn and grow, always aspiring to make our community and World a better place for all.

The Curriculum Broad General Education

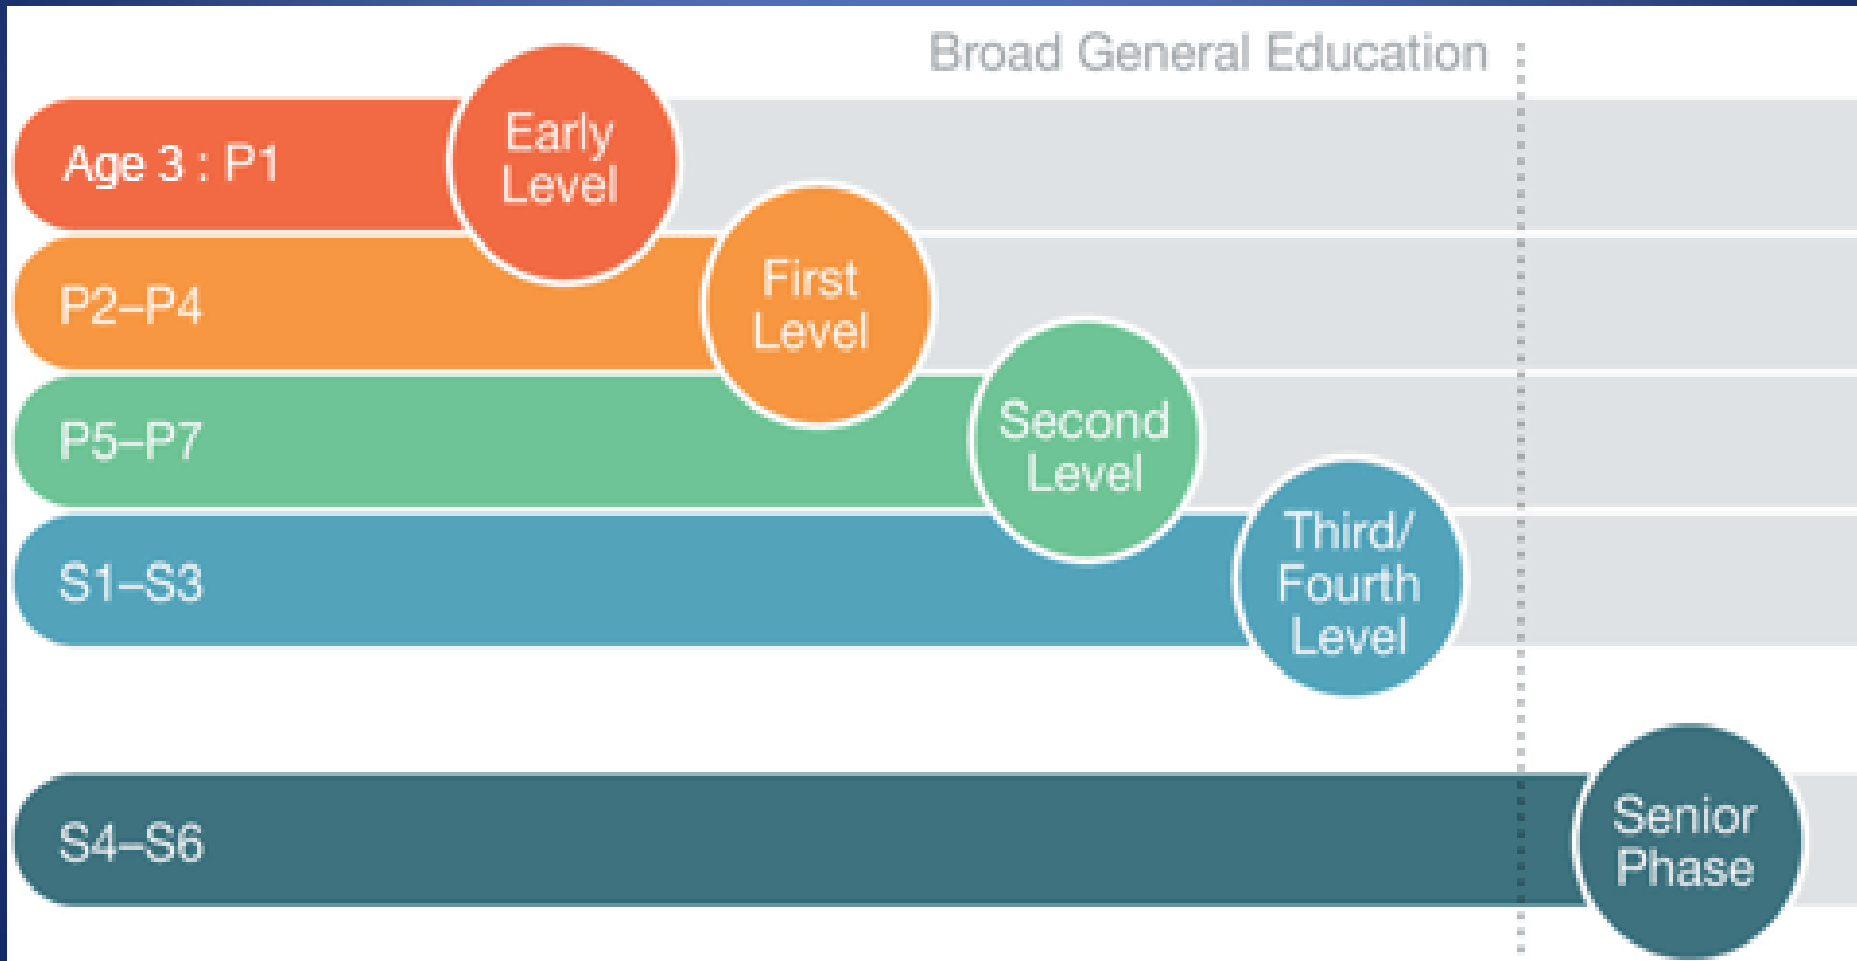

Every young person in Scotland is **ENTITLED** to experience a broad general education.

This broad general education builds upon their experiences from Primary Education through to the end of S3

Learning takes place across all of the experiences and outcomes, as far as is consistent with each young person's needs.

Most young people will start on Level 3 in S1 but some will continue to work at Level 2/1. By the end of S3 most young people will have achieved Level 3 and many will have achieved Level 4.

How will my child choose?

S1 Personalisation and Choice

In S2, you will study 11 subjects and have the opportunity to select which areas you are interested in studying. Everyone will continue to study English, Maths, Modern Languages, Science, PE and RE. You will use this form to select two Social Subjects, two Expressive Arts and two Technologies that you would like to study. You will also select 1 elective subject.

1. Pick a Social Subject *

- Geography
- History
- Modern Studies

2. Pick a 2nd Social Subject *

- Geography
- History

Information will be collected digitally, using an online form. It will be added to Teams page on Tuesday.

Support to complete will be available during Health and Wellbeing classes

If your child wishes to have a discussion about their choices, they can arrange to speak to their Pastoral Care teacher.

How can parents and carers get more information?

- https://www.npfs.org.uk/wp-content/uploads/edd/2020/02/learner_journey_2002_E.pdf
